Microsoft Corporation is an American multinational technology corporation headquartered in Redmond, Washington.
It is best known for software products like the **Windows** operating system, the **Microsoft 365** suite, and the **Edge** web browser.
Its flagship hardware products include the **Xbox** video game consoles and the **Microsoft Surface** lineup of touchscreen personal computers.
As of 2026, Microsoft is one of the world's most valuable companies by market capitalization and a dominant leader in global technology.

Company Overview & Financials

- **Founders:** Bill Gates and Paul Allen founded the company on April 4, 1975, in Albuquerque, New Mexico.
- **Leadership:** Satya Nadella serves as the Chairman and CEO, having taken over as CEO in 2014.
- **Market Status:** It is a member of the "Big Five" American information technology companies, alongside Alphabet, Amazon, Apple, and Meta.
- **Revenue Drivers:** The company's primary revenue streams are cloud computing, productivity software, personal computing, and enterprise services.
- **Corporate Scale:** Microsoft employs over 200,000 people globally across engineering, sales, research, and operations.

Key Divisions & Products

Division	Core Products / Services	Target Audience
Intelligent Cloud	Microsoft Azure, SQL Server, Windows Server	Enterprises, Developers, Startups
Productivity & Business	Microsoft 365 (Word, Excel, Teams), LinkedIn	Professionals, Businesses, Students
More Personal Computing	Windows OS, Xbox hardware/services, Surface devices	Consumers, Gamers, Creators

Strategic Evolution & Future Focus

- **Cloud Dominance:** Under Satya Nadella's leadership, Microsoft pivoted heavily toward a "cloud-first" strategy, making **Microsoft Azure** a fierce competitor to Amazon Web Services (AWS).
- **Artificial Intelligence:** Microsoft has positioned itself at the forefront of the AI revolution through a massive multi-billion-dollar partnership with **OpenAI**.
- **AI Integration:** The company has systematically integrated AI assistants, branded as **Microsoft Copilot**, across Windows, Bing, and its productivity suites.
- **Gaming Expansion:** With major acquisitions like ZeniMax Media and **Activision Blizzard**, Microsoft has become one of the largest gaming companies in the world by revenue.
